A buenas horas... 9

Fellow RGB's,

Attached please find Season's Greetings from the WFTF. We trust that the severe winter being experienced in the Northern hemisphere will turn mild, and that those of us in the South will enjoy a mild summer with good rains.

Please request your executive members to study the contents of the BFTF Rules in order that we may tackle the development of our comprehensive WFTF Rules early in the new year.

We look forward to seeing all the old faces at Worlds 2011 in Italy again, as well as meeting many new ones.

Kind regards,

Johan Jansen

Chairman: SAFTAA

President: WFTF
